

MCCARTHY LAW

STEP BY STEP  
**GUIDE**  
TO PULLING YOUR CREDIT REPORT FOR FREE

## WHY YOU SHOULD PULL YOUR CREDIT REPORT

According to a recent report by Consumer Union, about one in five, or an estimated 40 million consumers, had an error on one of their credit reports. The report indicates that “credit report mistakes can have dire consequences for consumers,” including higher interest rates on mortgage loans due to a lower credit-rating category, higher auto insurance payments, not qualifying for loans, the loss of a potential new job, and even the inability to perform simple online identity verifications.

Kevin Fallon McCarthy, managing partner for McCarthy Law PLC, is determined to eradicate credit reporting errors and the troubles they cause, nationwide. “My firm stands for the proposition that we can wipe out credit reporting errors completely within five years,” said McCarthy. “The key to eradication is widespread no-cost legal representation for the victims of credit reporting errors.”

McCarthy passionately believes that lack of financial sophistication or resources should never stand in the way of fixing a credit error. “The consumer will never reach into his pocket to give us any money,” McCarthy continued. “It irks me that these errors are completely avoidable. If the credit bureaus would reform their policies, these errors would completely go away.”

Once the firm gets involved on behalf of a consumer, the error is typically corrected within 45 days. When it’s not, the firm will sue the offending creditor and credit bureaus for violating federal law because they did not fix the error when it was first brought to their attention. The firm advances the costs of the suit and demands damages and attorneys’ fees on behalf of the client. When the case resolves, the firm first gives the client at least \$1000 in damages or more (depending on how many errors and defendants are involved), then uses the remaining balance to re-pay its own costs and fees.

McCarthy Law PLC, with its national footprint, knowledge and resources, is uniquely qualified to make the nationwide eradication of credit report errors a reality. “Anyone with an error in their report should reach out to us for help,” McCarthy adds. “If you haven’t checked your credit report in the last 12 months, you should. If errors show up in it, there is now no reason to let those errors victimize you in the future.”

# HOW TO OBTAIN YOUR CREDIT REPORT FOR FREE

McCarthy Law wants to help you navigate the process of getting all three of your credit reports as provided by law. Many companies offer competing sites that are trying to sell you something. There are a few steps to getting all three but with this step-by-step guide, you'll be done in no time!

This is the official site to obtain your free credit report! Go to [www.annualcreditreport.com](http://www.annualcreditreport.com)

# STEP 01

At the bottom-left of the site, click the red box “Request your free credit reports”.

# STEP 02

Click “Request your credit reports” at the bottom of the page. This page explains the process. You can read it all or just keep going.

The screenshot shows the top navigation bar with links: Home, All about credit reports, Request yours now (highlighted), What to look for, Protect your identity, Frequently asked questions, and Contact us. Below the navigation is a section titled "3 steps to your free credit reports".

The process is outlined in three steps:

- 1 Fill out a form**  
Fill out one form to request one, two, or three reports.
- 2 Pick the reports you want**  
Request your credit reports from Equifax, Experian or TransUnion.
- 3 Request and Review your reports online**  
Before you get your credit reports, you will answer a few more questions. These questions are meant to be hard. You may even need your records to answer them. They are used to ensure that nobody but you can get your credit information.  
If you can, print your credit reports so you can look at them later.

An arrow points from step 3 back to step 1, with the text: "You repeat this step for each credit report."

Below the steps, there is a note: "Your free annual credit report does not include credit scores. Monitoring your credit reports regularly is an important part of being in control of your finances. Learn more about why monitoring matters, identify theft and ways to improve your credit score on AnnualCreditReport.com."

At the bottom, there are links for "Reviewing your credit report" and "What to look for", and a prominent red button labeled "Request your credit reports".

# STEP 03

Finally! Time to go to work. Next, you will enter the following information as accurately as possible. This page also verifies that you are a real person and not an Internet bot. You can either spell out the verification code given or listen to a 3 second audio clip to listen to a code.

The screenshot shows a web form for requesting a credit report. At the top, there are three numbered steps in a progress bar: 1. Fill out a form (highlighted in blue), 2. Pick the reports you want, and 3. Request and Review your reports online.

The form is divided into several sections:

- Legal Name:** Fields for First, Middle initial, Last, and Suffix (with a dropdown menu). Birthdate is selected via Month, Day, and Year dropdowns. Social Security Number and Verify Social Security Number are entered in three-digit boxes, with a "Display Social Security Number" link below.
- Current U.S. Address:** Fields for Address, City, State (dropdown), and Zip. A checkbox asks "Have you lived at this address for 2 years or more?" with "Yes" and "No" options.
- Previous U.S. Address:** Similar fields to the current address section.
- Captcha Security:** A CAPTCHA image showing the characters "TBKYHSSM" on a red background. A text input field is provided for typing the characters. A link says "If you can't see the characters, [ask for CAPTCHA Security](#)". A "Next" button is at the bottom.

Two informational boxes are present:

- One on the right side of the "Current U.S. Address" section: "This site provides credit information only for U.S. credit files. To request your report, you must list U.S. addresses in the address section of this form. If you give your foreign address, the credit reporting companies will not be able to find your information."
- Another on the right side of the "Previous U.S. Address" section: "If you have lived at the address above for less than 2 years, enter your previous address."

## STEP

# 04

You will be asked how many reports you would like created. Choose all three by clicking all three boxes in front of TransUnion, Equifax and Experian.

Obtaining all three reports is critical because each credit or often reports differently to reach Credit Bureau.

#### COMMON QUESTION:

Should you order all three reports now or spread them out over time?

The answer depends on you.

If you are thinking about buying something big soon - a new car or even a home - you may want to get all of your credit reports now. That way you can correct any mistakes on all of them right away.

If you are not planning a big purchase, requesting them over time might be a better choice. When you spread them out, watch for expected changes or suspicious activity throughout the year.

Whichever strategy you choose, mark your calendar so you know when you can request your next free credit report.

The "Accounts" section follows, explaining that lenders usually take a positive view of individuals with a range of credit accounts (car loans, credit cards, mortgage, etc.) that have a record of timely payments, but that a high debt-to-credit ratio on revolving accounts and installment loans can have a negative impact.

On the left side, there is a vertical menu with the following items: "Credit Summary", "Accounts", "Inquiries", "Negative Information", "Personal Information", "Dispute File Information", "Summary of Your Rights Under the FCRA", and "Remedying the Effects of Identity Theft".

Once McCarthy Law gets involved on your behalf, the error is typically corrected within 45 days. When it's not, the firm will sue the offending creditor and credit bureaus for violating federal law because they did not fix the error when it was first brought to their attention.

McCarthy Law advances the costs of the suit and demands damages and attorneys' fees on your behalf. When the case resolves, McCarthy Law first gives you at least \$1000 in damages or more (depending on how many errors and defendants are involved), then uses the remaining balance to re-pay its own costs and fees.

McCarthy Law PLC, with its national footprint, knowledge and resources, is uniquely qualified to make the nationwide eradication of credit report errors a reality.
